# SIMULATORS

As West Michigan's premier year-round golf facility, the Grandville store is proud to be equipped with (4) Full Swing e6 Simulator bays.

## GOLF COURSES

Maple Hill Golf now offers 40 state-of-the-art courses from all over the world for our simulators. That, coupled with new 3D course models, gaming software, and HD projection systems mean that the look and feel of the courses you can play have taken a huge leap forward in realism, challenge, and excitement.

## PRACTICE

New ball-and-club head sensor systems from Full Swing Golf now give you incredibly accurate spin, trajectory, and distance measurements that allow precisely replicated real ball flight.

A virtual driving range mode measures total shot distance, shot carry distance, ball launch speed, deviation distance and angle from center, as well as tracks the ball flight for testing and comparing clubs and companies.
