

PUTTER FITTING STUDIO

At the Kitchen Sync Putter Fitting Studio we utilize state-of-the-art V1 video analysis as well as a unique laser/reflector system to diagnose your putting stroke, as well as address position. Inspired by Ping and Bettinardi.

Is your stroke better suited for a blade or mallet style? Do you need a face-balanced putter or do you need some toe hang? How much toe hang? What is the proper length and lie angle you need for your stroke? Keep in mind that putters have loft and an improper fit putter will make the ball launch off of your putter to the right or to the left; causing missed putts.

These are all questions you will get answers to from your experience in the "Kitchen Sync".

PRECISION CLUB & BALL FLIGHT ANALYSIS

The Launch Kitchen is a state of the art fitting facility to outfit our customers to the equipment that fits them the best. Whether it's your Driver, Irons or Wedge and gap fitting, The Launch Kitchen will help fit you to maximize your game. We utilize the TrackMan 4 which is the newest, most technologically advanced launch monitor on the market today. Through the use of doplar radar the TrackMan measures all the necessary club and ball data to help our professional fitters help decide what's best for you.

DRIVER FITTING \$70

Up To 60 Minutes

Shopping for a new driver? Wondering if you can improve the performance of the driver that's already in your bag? Let our PGA & TrackMan Fitting Specialists help you discover the distance, accuracy, and consistency you're looking for. We will help you choose the correct driver specs (loft, shaft, flex) and in some cases even the golf ball that will help you maximize your potential.

LONG GAME FITTING \$100 DRIVER, FAIRWAY WOOD, & HYBRID

Up To 90 Minutes

This in-depth fitting is designed to help you select the best set make-up for your long game. We'll explore any brand(s) you're interested in and help you choose the correct specs (loft, shaft, flex) to maximize your on-course performance and dial in the correct yardage gaps.

** NOTE: This is not for the inexperienced/beginner golfer. It's designed for the golfer that has an understanding of their long game and wants to improve their results.

GOLF BALL FITTING \$30

Up To 30 Minutes

Often ignored, the golf ball is one of the most important pieces of equipment in your bag. By testing spin rates with your driver, fairways, hybrids, irons, or wedges, and considering the aspects of the game that are most important to you (distance, control, greenside spin, etc.), our TrackMan Fitting Specialist will recommend the best possible golf ball for your game.

IRONS OR WEDGES FITTING \$70

Up To 60 Minutes

Perfect for those looking for new irons or wedges, this fitting identifies the proper shaft, flex, length, lie angle, grip size, and lofts for irons and wedges. Our goal will be to maximize your potential for your iron & wedge game. Iron-to-wedge gapping will be included in this fitting.

IRONS & WEDGE FITTING \$100

Up To 90 Minutes

This fitting is designed for the golfer that really isn't sure what to try/get fit for. This will be the most in-depth Iron fitting that is offered in the Launch Kitchen. Any and all brands that the golfer wants to explore will be explored. Fitting identifies the proper shaft, flex, length, lie angle, grip size, and lofts for irons.

** NOTE: This is not for the inexperienced/beginner golfer. It's for the golfer that simply wants to start from scratch and get the entire experience in 90 minutes.

ENTIRE SET FITTING \$160

Up To 150 Minutes (Split into 2 Sessions)

Perfect for the person looking for a new complete set of clubs and wants to make sure that every club in their set is exactly perfect for them. Our TrackMan Fitting Specialist will go over every club that you are interested in and make sure that they are perfect for you. (Excludes a Putter Fitting)
